

DINTEK 1U Single Sided Finger Duct Panel

DINTEK ezi-MANAGE™ Finger Duct Management Panels mount in a standard 19 inch rack or cabinet and are utilized to help you organize horizontal cabling, through a covered cable duct.

The cable organizer features a removable top cover that makes it easy to add or remove bundled cables quickly. The duct also offers a series of fingers on either side, as well as pass-through holes at the back to help you route your cables where you need them, and also reduce cable strain in the process.

Constructed of high-quality steel & plastic the ezi-MANAGE™ Finger Duct Management Panel creates a durable solution for your server room or wiring closet.

Benefits

- Route cables simply, using the duct fingers or the rear pass-through holes
- Add or remove bundled cables quickly, with the removable top cover
- Present a clean and tidy front end to the cabling cabinet by covering patch cables
- Increase the longevity of your server and networking equipment interfaces by providing cable strain relief

Physical Characteristics

- Color: Black
- Panel Finish: Textured Paint Coating
- Panel Thickness: 1.6 mm
- Material: Metal SPCC 1.6t
- Panel Height: 44 mm [1.7 in]
- Duct (Front Mount): 40mm x 40mm
