DINTEK Heavy Duty RJ45 Crimp Tool

This heavy duty modular crimping tool makes terminating communications cabling plugs easy. As an all-in-one tool, it lets you easily terminate RJ45, RJ12 and RJ11 plugs with paired-conductor cables for voice and data applications. Trim and strip cords with precision in one motion, for consistent, high quality connections.

The tool includes two crimping slots suitable for 6 and 8 position modular plugs. It features a light weight zinc alloy frame giving high strength, a safety blade guard, and comfort grip handles that helps reduce fatigue.

Features

- Works with solid and stranded style cables
- Black oxide finish for superior durability
- Lightweight zinc alloy frame
- High quality ratchet action
- Safety blade guard
- Comfort grip handles that help reduce fatigue

Applications

- Terminating stranded and solid wire cables
- Terminating RJ11, RJ12 Telecoms style plugs
- Terminating RJ45 data communications plugs
