DINTEK 110 Punchdown Termination Tool

If you're going to be terminating our RJ45 jacks without the use of the ezi-TOOL, or you need to terminate wires onto a 110 block, you're going to need a good punch down tool. DINTEK's single wire 110 Punchdown Tool allows for the best possible termination via the 110 impact system on to IDC terminations.

Features

- Suitable for 110 cross-connect systems
- Suitable for punch and cut or punch only
- Inserts and cuts terminations in one simple operation
- Easy to handle comfort grip
- Compact body for easy storage in your tool box, tool bag, or pocket
- Spring-loaded design provides a low-effort wire seating and termination
- Internal impact mechanism eliminates jamming
- In-handle blade storage compartment
- Uses standard twist and lock 110 blades for terminations

Applications

- Terminating wires onto 110 style block connectors
- Terminating Cat.3 twisted pair RJ45 voice jacks
- Terminating Cat.5e & Cat.6 RJ45 jacks
