DINTEK ezi-MOD SC Fiber Insert with Connector

DINTEK's ezi-MOD™ SC Fiber Type Insert with Connector is ideal for use in the DINTEK 6 Port MUTOA, and other DINTEK Wall Plate options. The DINTEK 6 Port MUTOA low-profile multi-user/multimedia surface mount box is packed full of options and module flexibility. It is ideal for use as a multi-user telecommunications outlet assembly (MUTOA), as specified in ANSI/TIA-568-1.D standards. It provides storage area for up to 10m (39.4 ft.) of primary buffered optical fiber cable using our optional fiber management tray and at least 2m of twisted pair cable in the base, maintaining the minimum bend radius.
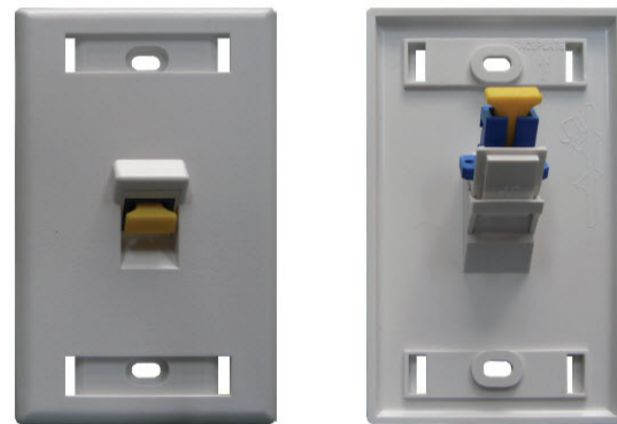

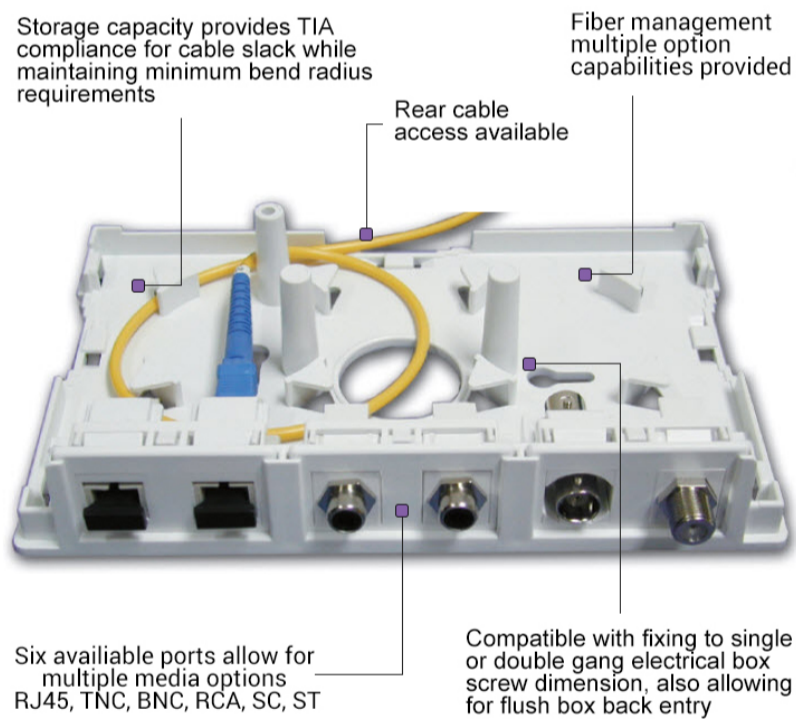

Features

- Modules can also be used in other DINTEK wallplate options
- Provides the needs of the designer, installer and end user with performance, quality aesthetics in the work area
- Compatible with fixing to single or double gang electrical box screw dimensions, also allowing for flush box back entry
- Rear and side cable access available

Storage capacity provides TIA compliance for cable slack while maintaining minimum bend radius requirements

Fiber management multiple option capabilities provided

Rear cable access available

Six availiable ports allow for multiple media options RJ45, TNC, BNC, RCA, SC, ST

Compatible with fixing to single or double gang electrical box screw dimension, also allowing for flush box back entry

Additional Associated Modules

1306-05006	BNC-Type Insert w/ Connector
1306-08005	RCA-Type Insert w/ Connector
1306-11001	S-Video Insert w/ Connector
1306-02006	F-Type Insert w/ Connector
1306-03006	ST-Type Insert w/ Connector
1306-07006	SC-Type Insert w/ Connector
